

An aerial photograph of a large dam and reservoir. The dam is a long, curved concrete structure separating a large body of water (the reservoir) from a smaller body of water (the river) on the left. The reservoir is filled with dark blue water. The surrounding landscape is green and hilly, with some roads and small structures visible. In the background, there are more mountains under a clear sky. The text "The Central Valley Project and State Water Project" is overlaid in a large, yellow, serif font.

# The Central Valley Project and State Water Project

# Major Facilities

# Projects' Permits and Agreements

- U.S. Army Corps of Engineers – Flood Control Criteria
- Federal Energy Regulatory Commission
- Coordinated Operations Agreement
- State Water Resources Control Board
  - Permits and Conditions
- California Department of Fish and Game Agreements
